

NATURE'S SUNSHINE

Zinc Lozenge

GOOD FOR

Immune System

Respiratory System

SIZE **60 tablets**

ITEM # **8788**

SERVING **1**

SUPPLY **10 days**

DIRECTIONS FOR USE Take 1 lozenge each hour or as needed. Allow lozenge to dissolve slowly in the mouth. Do not use more than six lozenges daily.

— How the Key Ingredients Work

This lozenge formula brings together zinc, vitamin C, and a touch of stevia in a convenient dissolving form that gets to work quickly. Together, these ingredients support your immune defenses, help your body stay resilient, and keep things tasting great without added sugar.

Zinc — Zinc is an essential mineral your body relies on every single day. It plays a starring role in keeping your immune system sharp, supporting healthy skin, and helping your body make the hormones it needs. Because your body can't store zinc, getting it regularly matters — and a lozenge delivers it right where you need it.

Vitamin C — Vitamin C is one of the body's most trusted defenders. It's a powerful antioxidant that helps shield your cells from everyday wear and tear, supports your immune system, and helps your body build and repair connective tissue. It also helps you absorb iron from your food more efficiently, making it a true all-rounder for daily wellness.

Stevia — Stevia is the natural sweetener that makes these lozenges a pleasure to take. Derived from the leaves of the Stevia rebaudiana plant — used for centuries in South America — it adds gentle sweetness without sugar or calories. Research also suggests stevia leaf contains antioxidant compounds that may offer additional wellness benefits beyond just flavor.
